Insert Series

Legend G3.5 Fireplace with 707FBL Fluted Black Liner & 713FFV 4-Sided Floating Trim Kit in Vintage Iron Powder Coat

# Valor A Legend In The Making

With over two decades of design innovation and four generations of Legend gas insert DNA, it's no surprise that the Legend G3.5 exudes radiance, high efficiency and the ultimate in comfort control.

A collection of contemporary trims frame an impressive viewing area, highlighting warm, glowing flames within. Fireplace surrounds include both 3 and 4-sided designs, providing flexible installation options and visual updates to your existing hearth.

A wide selection of finishes include - black powder coat, bronze powder coat, vintage iron powder coat and plated brushed nickel.

Simply updating fireplace aesthetics is not enough, Valor upgrades the overall performance of your gas insert with several features. Increased radiant heat output, advanced controllability, high efficiency ratings and natural convection are just a few reasons why Valor leads the industry in gas insert excellence.

Another industry first, Valor Dynamic Restrictor Technology (VDRT) automatically adjusts air flow within the fireplace, increasing thermal efficiencies. VDRT maximizes initial startup and improves overall performance in ways fixed restrictors cannot.

A contemporary update for existing spaces, the Legend G3.5 is a welcomed addition to the highly successful Legend Insert family.

Legend G3.5 Fireplace with 708VRL Valor Red Brick Liner & 718EDN Edgemont Door Kit in Plated Brushed Nickel

**706EBL Enamel Black Liner &  
718EDN Edgemont Door Kit in Plated Brushed Nickel**  
(kit includes a 3-Sided Square Trim in Black & 'lift-off' Screen Door)

**707FBL Fluted Black Liner &  
718EDZ Edgemont Door Kit in Bronze Powder Coat**  
(kit includes a 3-Sided Square Trim in Black & 'lift-off' Screen Door)

**706EBL Enamel Black Liner &  
718EDV Edgemont Door Kit in Vintage Iron Powder Coat**  
(kit includes a 3-Sided Square Trim in Black & 'lift-off' Screen Door)

### LEGEND G3.5 INSERT FIREPLACE COMPONENTS

ENGINES	700IN	Legend G3.5 Insert - Stainless Burner - Direct Vent Engine NG
	700IP	Legend G3.5 Insert - Stainless Burner - Direct Vent Engine LPG

FUEL BEDS	701RSK	Rock Set Kit
	702LSK	Log Set Kit

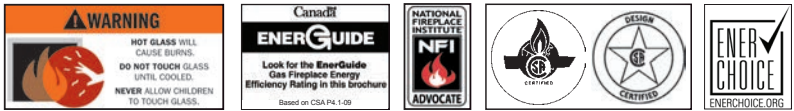

LINERS	705LSL	Ledgestone Liner
	706EBL	Enamel Black Liner
	707FBL	Fluted Black Liner
	708VRL	Valor Red Brick Liner

SURROUNDS	709FTB	3-Sided Floating Trim Kit - Black Powder Coat (23-5/8" h X 33-3/4" w)
	709FTP	3-Sided Floating Trim Kit - Plated Brushed Nickel (23-5/8" h X 33-3/4" w)
	709FTV	3-Sided Floating Trim Kit - Vintage Iron Powder Coat (23-5/8" h X 33-3/4" w)
	709FTZ	3-Sided Floating Trim Kit - Bronze Powder Coat (23-5/8" h X 33-3/4" w)
	713FFB	4-Sided Floating Trim Kit - Black Powder Coat (27-15/16" h X 33-3/4" w)
	713FFV	4-Sided Floating Trim Kit - Vintage Iron Powder Coat (27-15/16" h X 33-3/4" w)
	718EDN	Edgemont - Plated Brushed Nickel 'Lift-Off' Screen Door with Square Trim Kit in Black Powder Coat (26-5/8" h X 36-1/4" w)
	718EDV	Edgemont - Vintage Iron Powder Coat 'Lift-Off' Screen Door with Square Trim Kit in Black Powder Coat (26-5/8" h X 36-1/4" w)
	718EDZ	Edgemont - Bronze Powder Coat 'Lift-Off' Screen Door with Square Trim Kit in Black Powder Coat (26-5/8" h X 36-1/4" w)

ACCESSORIES	710BPB	Backing Plate Kit - Black Powder Coat (26-7/8" h X 37-3/4" w) - for 709 only
	714BPB	Backing Plate Kit - Black Powder Coat (29" h X 42" w)
	793RTB	Riser Trim - Black Powder Coat (2-1/2" h X 46" w)
	793RTV	Riser Trim - Vintage Iron Powder Coat (2-1/2" h X 46" w)
	795CFK V2	Circulating Fan Kit
	796ALP	Adjustable Leveling Platform
	GV60PAK	Power Adapter Kit for ValorStat Max

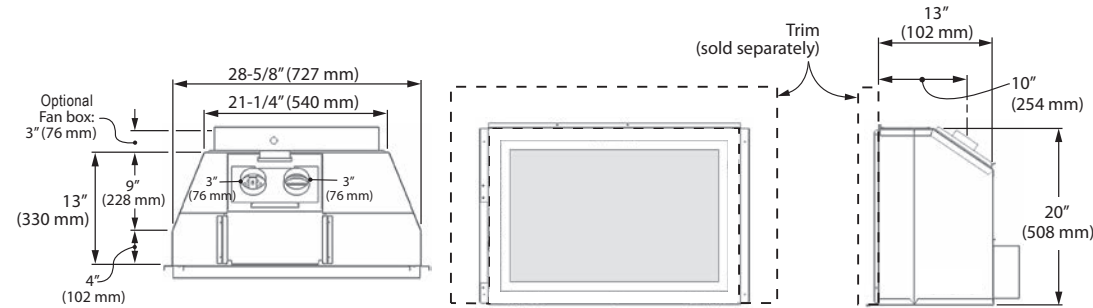

MODEL/ FUEL	Model	Fuel	Max. Input BTU/hr	Min. Input BTU/hr	EnerGuide Rating*	Max. Output* (w/out fan) BTU/hr
	700IN	NG	26,000	10,000	66%	19,240
	700IP	LPG	25,000	11,000	66%	18,500

Certified to ANSI Z21.88-2014/ CSA 2.33-2014 Vented Gas Fireplace Heater American National Standard  
CGA - 2.17-91 Gas Fired Appliances for use at High Altitudes  
\* EnerGuide Ratings and Outputs have been determined without a fan/blower, using the CSA P4.1-09 test method

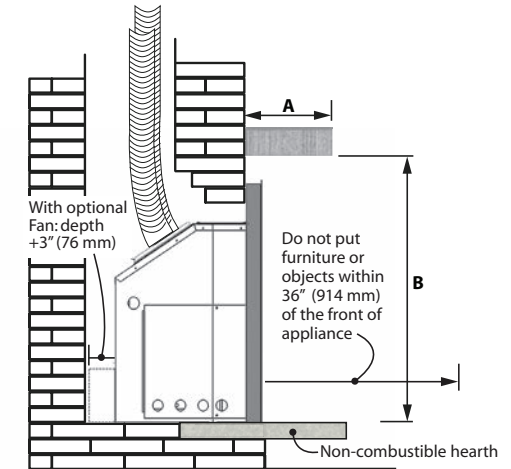

### LEGEND G3.5 DIMENSIONS, MANTEL CLEARANCES & VENTING

#### DIMENSIONS

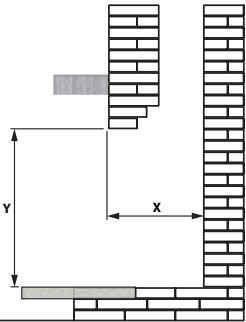

#### MANTEL CLEARANCES

<b>Mantel Projection A</b>	0-6" (0-152 mm)	8" (203 mm)	10" (254 mm)	12" (305 mm)
<b>Mantel Height B*</b>	33" (838 mm)	35" (890 mm)	37" (940 mm)	39" (990 mm)

\*Measure taken from the underside of the mantel to finished hearth or surface that the unit is sitting on.

#### MINIMUM CAVITY DIMENSIONS

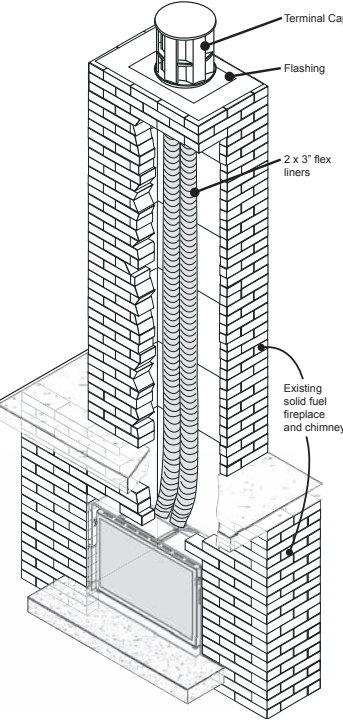

- Minimum depth (X) = 13-1/2" (343 mm)
- Minimum depth (X) with a fan = 16-1/2" (420 mm)
- Minimum height (Y) = 20-1/2" (521 mm)
- Minimum width of fireplace opening at front is 28-7/8" (734 mm)

Installation reminder - Check that masonry step does not interfere with install dimensions or vent pipe. A non-combustible hearth is required

#### VENTING

##### VENTING SPECS

- The maximum vertical vent run is 40 feet
- The minimum vertical vent run is 10 feet

# valor SMARTFIRE SYSTEM

LUXURY. EFFICIENCY. QUALITY. CONVENIENCE. HEAT.

## VALORSTAT MAX REMOTE - HOME COMFORT CONTROL

Standard with purchase, the ValorStat Max remote manages your heating needs with convenience, reliability and simplicity. Valor's touch button handset ignites the pilot with ease, adjusts flame levels as desired and has programmable options including room temperature control. Eco-friendly in design, your pilot flame will automatically turn off if the fireplace is inactive for over 5 days, saving energy and lowering overall home heating costs. If the optional 795CFK Fan Kit is installed, the ValorStat Max provides full control turning the fan on and off, as well as adjusting the fan speed settings.

## THE COMFORT ZONE

Pumping forced air heat through your entire home is often inefficient. Targeting specific areas that you frequent the most is more economical and efficient in the long run. Zone heating with a Valor requires no ducting or forced air, delivering the perfect blend of radiant and convective warmth – where you want it, when you want.

## RADIANT WARMTH

Like heat from the sun, Valor fireplaces distribute radiant warmth directly to your living space. Radiant heat satisfies human comfort needs, using up to 25% less energy compared to traditional forced air systems. Valor warmth effectively replaces the chill from cold windows and doors, providing steady, even heat to objects in the room. Designed to circulate warm air through natural convection, the Legend Series raises gas insert standards in heat performance and efficiency.

## HEAT DURING A POWER FAILURE - NO POWER, NO PROBLEM

If the power fails in the winter your home can get cold fast. Valor fireplaces are fully functional heaters that don't use electricity. Our fireplaces provide the perfect mixture of radiant and convective heat reducing the need for a fan. No power, no problem with Valor.

## BURN CLEAN, ENGINEERED GREEN

Natural gas is the cleanest fireplace fuel you can burn, with the lowest particulate levels and lowest levels of greenhouse gases. Valor specializes in the design of cost effective, heat solutions for your home.

## FIREPLACE SAFETY - USE RADIANT HEAT SAFELY

Fireplace surfaces, in particular the glass viewing window, are extremely hot during operation and will remain hot for a period of time after the fireplace is turned off. Contact with the hot glass can cause severe burns. Close adult supervision is required if there are young children, or at-risk individuals in the house.

Included with your purchase, a Valor Barrier Screen is recommended at all times. Install an approved aftermarket safety gate to keep toddlers, young children and at-risk individuals a safe distance from the fireplace.
