

Opti-V™

The most unbelievable electric flame effect yet.

 **Dimplex®**

The premier fireplace experience that will leave you speechless.

Opti-V™ is the redefinition of fireplace design, further opening up the realm of possibilities beyond that of traditional wood or gas flame installations. In this perfect blend of magic and innovation, the sights and sounds of a true burning fire can live almost anywhere and in high definition. Available in two sizes, the Opti-V™ Solo and Duet will transform even the most sophisticated of rooms into positively stunning spaces guaranteed to impress and inspire.

Opti-V™ Solo

VF2927L

30" x 17³/₄" x 13⁵/₈" (WxHxD)
76.2 cm x 45.1 cm x 34.6 cm

A virtual fireplace that dazzles the senses.

Opti-V uses unprecedented technology to render flames and sparks for a virtual fireplace experience like no other. The unique and patent protected design combines ultra realistic flickering flames with three dimensional LED logs that sporadically spark and crackle.

Flame

A blend of three dimensional technology, artistry and craftsmanship create dazzling flickering flames that dance between the logs.

Inner Glow Logs

Patented LED inner glow logs and pulsating ember technology allow the logs and embers to glow in concert with the flames.

Sound

The crackle of a real wood fire controlled by a convenient remote control.

Direct-wired

Designed to be direct-wired to a 120/240V circuit for a seamless look.

Opti-V™ Duet

VF5452L

54 $\frac{1}{2}$ " x 17 $\frac{3}{4}$ " x 13 $\frac{5}{8}$ " (WxHxD)
138.4 cm x 45.1 cm x 34.6 cm

Features

- Customization Made Easy**
Fully serviceable from the front, Opti-V™ lends itself to even the most creative of built-in designs and trims.
- Safe**
Front glass stays cool, making it safe to touch.
- Year-round Enjoyment**
Enjoy the ambiance of the heatless flame year-round.
- Energy Efficient**
Extremely low energy LED operation reduces operating costs.
- Maintenance Free**
Zero clearance for built-in applications; maintenance-free with low operating cost.
- Green**
The green alternative. No harmful particulates or emissions and 100% efficient.
- Reduces Liability**
Meets the strictest building codes; making it ideal for any commercial or residential installation.
- LED Technology**
Lasts more than 35 times longer and uses 10 times less energy than incandescent light bulbs.
